Il Miscelatore Verticale serie MV 400V 3/50-60Hz

Costruito in acciaio al carbonio, verniciato esternamente, montato su 4 gambe.

La coclea interna di miscelazione è contenuta da un tubo che ne garantisce la massima efficienza. Completo di vasca di carico e tubo di scarico posto lateralmente con valvola a farfalla. Ampi portelloni apribile per una rapida e facile pulizia. Completo di motore con trazione a cinghia, 3÷ 20 kW, 400V 10%/3/50-60Hz.

The Vertical Mixer MV serie power supply 400V 50-60Hz.

Supported by four legs, with wheels and brakes. Completely built in carbon steel. External painted. The inside auger is contained in a vertical pipe granting an homogeneous mixing; the pipe is provided with door for easy maintenance and cleaning. Loading throat with grid. Manual discharge gate valve. Prepared for fitting to suction probe. Complete with belt motor 400V 10%/3/50-60Hz. Electrical box for mixer protection and control. Easy connection to pc computer /blender.
